

kavya yadav

Computer Science Engineering Student

First and Foremost I love Coding. I am eager to learn new skills and play with new technologies , I strongly believe in exploring new things by getting out of comfort zone.

EDUCATION

B.E in Computer Science Engineering

Sona College Of Technology - Anna University
(Tamil Nadu)

09/2019 - 04/2023

current CGPA - 9.3

12th Boards

Capital College And Research Center

08/2016 - 08/2018

10th Boards

Einstein Public School

05/2016

PROJECTS

SonaSpace -ongoing

- SonaSpace is an web and mobile application.
- This project is **private to college**, only for students of my college.
- It's like student network , it helps students to get their doubts clear by **asking questions and give answers**, here students get **recent updates** from **placement cell**.
- Students who got placed can **share their experience** and others and read.
- **Technology** used - **Java, React , Firebase**.

SHG - Sona Hostellers Grievance

- SHG is **android** mobile app.
- This app is for sona hostellers for **registering** their **complaints** related to **Electricity , House Keeping , Carpenter , Plumbing** and can give **daily** hostel **food feedback**.
- Students can see **status** of their complains .
- Students can get **details of Sona hostel**.
- Technology used - Java and PHP
- It was a team work , I have done design part XML.

Portfolio

- A Personal Portfolio website.
- Technology used - **HTML , CSS , React js**.

E-Commerce website

- E-Commerce Website developed while learning **MERN** Stack.
- Admin can add products , delete products, and can control all users

SKILLS

Java

Android Development

Data Structures & Algorithms

Computer Networking

Git & Github

React js

Firebase

Basic of MERN stack

ACHIEVEMENTS

Won 3rd prize in Speech Competition. (11/2019)

Organized By Gail India Limited on the occasion of Vigilance Awareness Week 2019.
